JAN 10 2005

The Honorable Richard B. Cheney
President of the Senate
Washington, D.C. 20515

Dear Mr. President:

As you know, section 645 of Public Law 108-199, the *Consolidated Appropriations Act, 2004*, provides the annual reporting requirements for the *Buy American Act* and requires each Federal agency to submit a report to Congress on the amount of acquisitions made by the agency from entities that manufacture the articles, materials, or supplies outside of the United States in that fiscal year.

In compliance with the requirement stated above, Secretary Elaine L. Chao has asked me to respond on behalf the Department of Labor. As such the Department provides the following information for FY 2004:

- 1. Provide the dollar value of any articles, materials, or supplies purchased that were manufactured outside of the United States.**

Response: The Department of Labor made no purchases of any articles, materials, or supplies were manufactured outside of the United States within the meaning of the Buy American Act.

- 2. Provide an itemized list of all waivers granted with respect to such articles, materials, or supplies under the Buy American Act (41 U.S.C. 10a et seq.).**

Response: As a result of the Department's negative response to Question #1, waivers were neither necessary nor granted to the Department of Labor during FY 2004.

- 3. Provide a summary of the total procurement funds spent on goods manufactured in the United States versus funds spent on goods manufactured outside of the United States.**

Response: The Department of Labor spent \$62,095,038 on goods manufactured in the United States. As stated in Question #1, the Department spent no funds on goods manufactured outside of the United States.

We will also make this information available for viewing by the public on the Department's homepage ([ww.dol.gov](http://www.dol.gov)). If you have any questions concerning this information, please contact
